

# ASSIGNMENT DETAILS

Introduction

Directions

## Assignment Details

- Describe two or more pioneers of quality improvement. Include the following:
  - Their major contributions to the field.
  - Explain how their contributions positively impacted quality.
- Explain how their influence still impacts quality improvement today in their area of expertise.
- Discuss how these early pioneers' work could be expanded upon to improve quality in a healthcare environment in the future.

## Requirements

- Your submission is composed in a Microsoft Word document.
- To meet the objective requirements, your response is at least 500 words in length.
- Your submission includes specific examples of concepts, topics, definitions, and other elements to demonstrate mastery of the objective.
- Your submission includes a highly developed viewpoint and purpose.
- Your response is in Standard English and demonstrates superior organization.
- Your communication is highly ordered, logical and unified, as well as original and insightful.
- Your submission displays exceptional content, organization, style, and mechanics.
- A separate page at the end of your response contains a list of references.
- Include both in-text and reference list citations where appropriate and reference all sources used following proper APA citation style.
- Please review the APA formatting and citation style in Academic Tools – Academic Writer.
